**EXPLANATION:** For the dates of 07/18/2015 through 07/24/2015, non-ODL and Work Assignment carriers worked on/off assignment overtime while ODL carriers were available.

The union contends management violated articles 8.5.D, 8.5.G and Article 3 of the National Agreement by improperly utilizing the non ODL and Work Assignment carrier to carry auxiliary assistance off their assigned routes and into overtime status. They state there were ODL carriers available to work the mandated overtime.

Management contends they utilized the carriers to the dispatch of value window. They state some of the carriers had under time. They state a carrier volunteered to carry auxiliary assistance.

**National Agreement**

**8.5.D** If the voluntary "Overtime Desired" list does not provide sufficient qualified people, qualified full-time regular employees not on the list may be required to work overtime on a rotating basis with the first opportunity assigned to the junior employee.

**National Agreement**

**8.5.G**  
 G. Full-time employees not on the "Overtime Desired" list may be required to work overtime only if all available employees on the "Overtime Desired" list have worked up to twelve (12) hours in a day or sixty (60) hours in a service week. Employees on the "Overtime Desired" list:  
 1. may be required to work up to twelve (12) hours in a day and sixty (60) hours in a service week (subject to payment of penalty overtime pay set forth in Section 4.D for contravention of Section 5.F); and  
 2. excluding December, shall be limited to no more than twelve (12) hours of work in a day and no more than sixty (60) hours of work in a service week.  
 However, the Employer is not required to utilize employees on the "Overtime Desired" list at the penalty overtime rate if qualified employees on the "Overtime Desired" list who are not yet entitled to penalty overtime are available for the overtime assignment.

Implementing Memorandum on "Letter Carrier Paragraph." A memorandum of understanding signed December 20, 1988 (M-00884) further explained the requirement to seek to use auxiliary assistance before requiring letter carriers not on the ODL or Work Assignment List to work overtime on their own route on a regularly scheduled day. Management must seek to use all of the following to provide auxiliary assistance:

- part-time flexibles at the straight-time or regular overtime rate
- city carrier assistant employees at the straight-time or regular overtime rate
- available full-time regular employees such as unassigned or reserve regulars at the straight-time rate
- full-time carriers from the Overtime Desired List at the regular overtime rate

However, the memo states that management does not have to use ODL carriers to provide auxiliary assistance if such an assignment would mean that the ODL carriers would be working *penalty overtime*. In that limited situation—if no auxiliary assistance is available without going into penalty overtime—management can require full-time regular carriers not on the Overtime Desired List to work overtime on their own routes on a regularly scheduled day. Remember that this limited exception applies only when a full-time non-ODL letter carrier is required to work overtime on his/her own assignment on a regularly scheduled day.  
**Before requiring a non-ODL carrier to work overtime on a non-scheduled day or off his/her own assignment, management must seek to use a carrier from the ODL, even if the ODL carrier would be working penalty overtime**

The grievance file contained the Overtime Alert Report showing the amount of overtime worked.

The grievance file contained the employee moves report showing the assignments for each carrier and the amount of time spent on that assignment.

There were carriers on the non ODL and Work Assignment list working overtime on another assignment.

The grievance file did not contain a dispatch schedule.

The Dispute Resolution Team reviewed all evidence and arguments in the grievance file rendered the above decision.
