**ISSUE:**

Did management violate Article 7.2 of the National Agreement by using rural carriers to perform work in the city carrier craft? If so, what should the appropriate remedy be?

**DECISION:**

The Dispute Resolution Team (DRT) mutually agreed to **RESOLVE** this grievance. The case file evidenced a violation when rural carriers were utilized in the city carrier craft. Management will comply with the provisions set forth in Article 7.2.A regarding rural carriers working in the city letter carrier craft. The DRT agreed the below listed carriers will receive lump sum payments at the applicable rates. Payment will be made at the Step B level. No further action is necessary. See **DRT Explanation**.

Name	EIN	Amount
G. Garcia Sr	04724408	\$28.76
J. Hanakam	04531634	\$23.90
J. Turnbull	04400847	\$135.85
Y. New	04194353	\$47.35
H. Garcia	03606645	\$23.90

**EXPLANATION:**

Rural carriers were utilized in the city carrier craft at the Boerne Annex from 3/12/2022 – 3/18/2022. The union initiated the instant grievance alleging management violated the National Agreement when utilizing rural carriers in the city carrier craft.

**The union at Formal A contended** management violated Article 7.2 of the National Agreement by using rural carriers to perform work in the city carrier craft.

The union requests management cease and desist violating Article 7.2 of the National Agreement and make payment to employees in the city carrier craft equivalent to the amount of time rural carriers performed city carrier duties.

**Management at Formal A was silent.** The case file, as received at Step B, did not contain any management contentions or supporting documentation.

The DRT reviewed the case file in its entirety and agreed to resolve the instant grievance. A violation was evidenced when rural carriers performed work in the city carrier craft. Rural carriers are the only craft whom are excluded from cross-craft assignments. The only time rural carriers may be used cross-craft is during an emergency situation and the case file did not evidence an emergency was present at the Boerne Annex in Boerne, TX from 3/12/2022 – 3/18/2022. The JCAM provides the following in relevant part on page 7-33:

***Rural Carriers Excluded.** Paragraph A of this Memorandum of Understanding (National Agreement page 155) provides that the crossing craft provisions of Article 7.2 (among other provisions) apply only to the crafts covered by the 1978 National Agreement—i.e., letter carrier, clerk, motor vehicle, maintenance and mail handler. So cross-craft assignments may be made between the carrier craft and these other crafts, in either direction, in accordance with Article 7.2. However, rural letter carriers are not included. So cross-craft assignments to and from the rural carrier craft may not be made under Article 7.2. They may be made only in “emergency situations” as explained below.*

***Crossing Crafts in “Emergency” Situations.** In addition to its Article 7 rights, management has the right to work carriers across crafts in an “emergency” situation as defined in Article 3, Management Rights. Article 3.F states that management has the right:*

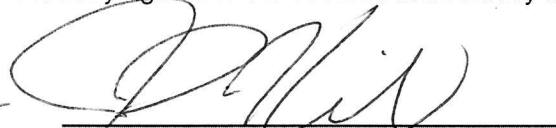

*3.F. To take whatever actions may be necessary to carry out its mission in emergency situations, i.e., an unforeseen circumstance or a combination of circumstances which calls for immediate action in a situation which is not expected to be of a recurring nature.*

*This provision gives management a very limited right to make cross-craft assignments. Management’s desire to avoid additional expenses such as penalty overtime does not constitute an emergency.*

Based on its review of the case file, the DRT mutually agreed to the decision and remedy above.
